*Blue-Eyed Slave* Sep 08 2020 IT IS 1764 IN CHARLES TOWN, SOUTH CAROLINA, and Harry's school for enslaved children has been in full swing for twenty years, despite the Negro Act of 1740. An enslaved person himself, Harry finds an unlikely ally in Hannah, a young Jewish girl from town who tutors Bintü, a recent acquisition of the prominent Reverend and Mistress Harte. But his school begins to feel the pressure as political winds shift and the Stamp Act causes revolt, uproar, and armed protests. Caught in the crossfire of impending revolution and increased

animosity towards an educated enslaved population, Harry-and ultimately the two girls-will find their faith and integrity sorely tested. With relentless attention to historical accuracy, Blue-Eyed Slave levels an unflinching gaze at the cruelties of enslavement and shows that although human cruelty may be universal, the same is true for kindness and bravery.

*Thomas Hardy* Jul 27 2019 Originally published in 1971 and now for the first time reprinted, *Thomas Hardy: His Career as a Novelist* has long been recognized as a major - and exceptionally well-written - work of Hardy criticism that also set new standards for Hardy scholarship. A recent survey refers to it as 'one of the most permanently useful' of Hardy studies, characterized by an 'admirably clear, unpretentious style'. Although the central chapters are predominantly critical, offering independent readings of each of the novels (including those customarily considered 'minor'), those readings are developed within the context of available knowledge of Hardy's personal and intellectual backgrounds, his friendships and family relationships, and his evolution as a professional writer. Extensive use is made of Hardy's own manuscripts, notebooks, and letters and of the correspondence and reminiscences of those who knew him, and in a new preface Michael Millgate speaks of having sought to resolve 'the standard work/life dichotomy' by pursuing 'the unitary conception of a career'.

**Blue-Eyed Boy** Mar 15 2021 From journalist Robert Timberg, a memoir of the struggle to reclaim his life after being severely burned as a Marine lieutenant in Vietnam. In January 1967, Robert Timberg was a short-timer, counting down the days until his combat tour ended. He had thirteen days to go when his vehicle struck a Viet Cong land mine, resulting in third-degree burns of his face and much of his body. He survived, barely, then began the arduous battle back, determined to build a new life and make it matter. Remarkable as was his return to health--he endured no less than thirty-five operations--perhaps more remarkable was his decision to reinvent himself as a journalist, one of the most public of professions. *Blue-Eyed Boy* is a gripping, occasionally comic account of what it took for an ambitious man, aware of his frightful appearance but hungry for meaning and accomplishment, to master a new craft amid the pitying stares and shocked reactions of many he encountered on a daily basis. Timberg was at the top of his game as White House correspondent for *The Baltimore Sun* when suddenly his work brought his life full circle: the Iran-Contra scandal broke. At its heart were three fellow Naval Academy graduates and Vietnam-era veterans. Timberg's coverage of that story resulted in his first book, *The Nightingale's Song*, a powerful work of narrative nonfiction that follows the three academy

graduates most deeply involved in Iran-Contra--Oliver North among them--as well as two other well-known Navy men, John McCain and James Webb, from the academy through Vietnam and into the Reagan years. In *Blue-Eyed Boy*, Timberg relates how he came to know these five men and how their stories helped him understand the ways the Vietnam War and the furor that swirled around it continue to haunt the nation, even now, nearly four decades after its dismal conclusion. Timberg is no saint, and he has traveled a hard and often bitter road.

Thomas Hardy's A Pair Of Blue Eyes Mar 27 2022 *A Pair of Blue Eyes*, though early in the sequence of Hardy's novels, is lively and gripping. Its dramatic cliff-hanging episode, for example, is at once tense, ironic, feministic, and erotic. With settings in Wessex and London, the novel also has some strongly autobiographical features, as the blue-eyed heroine, Elfrida Swancourt, is based largely on Emma Gifford, who became Thomas Hardy's first wife. Elfrida's vivacious nature attracts several lovers, but she is beset by sexual prejudice, and the ensuing ironies reveal the constraints of her times. *A Pair of Blue Eyes* provides an engaging and moving experience for today's readers.

**Thomas Hardy's Novel Universe** Apr 15 2021 In this, the first book-length study of astronomy in Hardy's writing, historian of science and literary scholar Pamela Gossin brings the analytical tools of both disciplines to bear as she offers unexpected and sophisticated readings of seven novels that enrich Darwinian and feminist perspectives on his work, extend formalist evaluations of his achievement as a writer, and provide fresh interpretations of enigmatic passages and scenes. In an elegantly crafted introduction, Gossin draws together the shared critical values and methods of literary studies and the history of science to articulate a hybrid model of scholarly interpretation and analysis that promotes cross-disciplinary compassion and understanding within the current contention of the science/culture wars. She then situates Hardy's own deeply interdisciplinary knowledge of astronomy and cosmology within both literary and scientific traditions, from the ancient world through the Victorian era. Gossin offers insightful new assessments of *A Pair of Blue Eyes*, *Far from the Madding Crowd*, *The Return of the Native*, *Two on a Tower*, *The Woodlanders*, *Tess of the D'Urbervilles*, and *Jude the Obscure*, arguing that Hardy's personal synthesis of ancient and modern astronomy with mythopoetic and scientific cosmologies enabled him to write as a literary cosmologist for the post-Darwinian world. The profound new myths that comprise Hardy's novel universe can be read as a sustained set of literary thought-experiments by which he critiques the possibilities, limitations, and dangers of living out the storylines that such imaginative cosmologies project for his time - and ours.

**A Pair of Blue Eyes** Nov 03 2022 Blue-eyed and high-spirited, Elfride Swancourt has little experience of the world beyond her remote parish, and becomes entangled with two men: the boyish architect, Stephen Smith, and the older literary man, Henry Knight. The former friends become rivals, and Elfride faces an agonizing choice. Elfride's dilemma mirrors the difficult decision Hardy himself had to make with this novel: to pursue the profession of architecture, where he was established, or literature, where he had yet to make his name?

*A Pair Of Blue Eyes* Mar 03 2020 "A Pair of Blue Eyes," Mr. Hardy's third novel, gives the heart history of a rather susceptible but very charming young lady, Miss Elfride Swancourt, who, by the way, is said to be unpopular with her own sex. It has at least one strong character, Henry Knight, the reviewer, Elfride's second lover. It contains also one very powerful scene, the rescue of Knight from the cliff through the heroism and presence of mind of Elfride. It is not only an interesting story, but a very subtle study of feminine instincts, yet although a successful novel as a whole, it can hardly be placed among our author's masterpieces. The last scene of all in which Elfride's two disappointed lovers encounter her husband at her tomb, is pathetic in the extreme.

*A Pair of Blue Eyes* Nov 22 2021 Hardy said of the landscape that inspired *A Pair of Blue Eyes* that "the ghostly birds, the pall-like sea, the frothy wind, the eternal soliloquy of the waters, the bloom of dark purple cast, that seems to exhale from the shoreward precipices, in themselves

**A Pair of Blue Eyes, by Thomas Hardy a NOVEL (World's Classics)** May 29 2022 Elfride Swancourt is the daughter of the Rector of Endelstow, a remote sea-swept parish in Cornwall based on St Juliot, where Hardy began *A Pair of Blue Eyes* during the beginning of his courtship of his first wife, Emma. Blue-eyed and high-spirited, Elfride has little experience of the world beyond, and becomes entangled with two men: the boyish architect, Stephen Smith, and the older literary man, Henry Knight. The former friends become rivals, and Elfride faces an agonizing choice. Written at a crucial time in Hardy's life, *A Pair of Blue Eyes* expresses more directly than any of his novels the events and social forces that made him the writer he was. Thomas Hardy, OM (2 June 1840 - 11 January 1928) was an English novelist and poet. A Victorian realist in the tradition of George Eliot, he was influenced both in his novels and in his poetry by Romanticism, especially William Wordsworth. Charles Dickens was another important influence. [page needed] Like Dickens, he was highly critical of much in Victorian society, though Hardy focused more on a declining rural society. While Hardy wrote poetry throughout his life and regarded himself primarily as a poet, his first collection was not published until 1898. Initially, therefore, he gained fame as the author of novels, including *Far from the Madding Crowd* (1874), *The Mayor of Casterbridge* (1886), *Tess of the d'Urbervilles* (1891), and *Jude the Obscure* (1895). Hardy's poetry, though prolific, was not as well received during his lifetime. It was rediscovered in the 1950s, when Hardy's poetry had a significant influence on the Movement poets of the 1950s and 1960s, including Philip Larkin. Most of his fictional works - initially published as serials in magazines - were set in the semi-fictional region of Wessex. They explored tragic characters struggling against their passions and social circumstances. Hardy's Wessex is based on the medieval Anglo-Saxon kingdom and eventually came to include the counties of Dorset, Wiltshire, Somerset, Devon, Hampshire and much of Berkshire, in southwest and south central England.

Mother Wolf lay with her big gray nose dropped across her four tumbling, squealing cubs, and the moon shone into the mouth of the cave where they all lived. "Augrh!" said Father Wolf. "It is time to hunt again." He was going to spring down hill when a little shadow with a bushy tail crossed the threshold and whined: "Good luck go with you, O Chief of the Wolves. **Thomas Hardy and History** Jan 31 2020 This book addresses the questions 'What did Thomas Hardy think about history and how did this enter into his writings?' Scholars have sought answers in 'revolutionary', 'gender', 'postcolonial' and 'millennial' criticism, but these are found to be unsatisfactory. Fred Reid is a historian who seeks answers by setting Hardy more fully in the discourses of philosophical history and the domestic and international affairs of Britain. He shows how Hardy worked out, from the late 1850s, his own 'meliorist' philosophy of history and how it is inscribed in his fiction. Rooted in the idea of cyclical history as propounded by the Liberal Anglican historians, it was adapted after his loss of faith through reading the works of Auguste Comte, George Drysdale and John Stuart Mill and used to defend the right of individuals to break with the Victorian sexual code and make their own 'experiments in living'. *A Pair of Blue Eyes* Thomas Hardy Oct 02 2022 Elfride finds herself caught in a battle between her heart, her mind and the expectations of her parents and society.
