Top of the Rock Mar 22 2022 Top of the Rock is an absorbing insiders' account of an incredible time and place in television history: the years when Must See TV—led by Cheers, Seinfeld, Friends, ER, and Law & Order—made NBC an unstoppable success. Here the story is vividly told through the words of the actors, writers, producers, creators, and network executives who helped the Peacock rise to its greatest heights—and then saw it all fall apart. Under the supervision of President of Entertainment Warren Littlefield, NBC went from being an also-ran, losing millions of dollars in failed shows, to the number one station, generating billions of dollars in profit. At its height, the Thursday night lineup alone brought in more revenue than the other six nights of programming combined. Top of the Rock dishes out behind-the-scenes stories from all the biggest shows, revealing the highly risky business decisions, creative passion, and blind leaps of faith that made Must See TV possible. Jerry Seinfeld | Jason Alexander | Kelsey Grammer | Sean Hayes | Helen Hunt | Lisa Kudrow | Eriq La Salle | Matt LeBlanc | John Lithgow | Julianna Margulies | Eric McCormack | Debra Messing | Megan Mullally | David Hyde Pierce | Paul Reiser | Noah Wyle | and more

The History of the Decline and Fall of the Roman Empire Aug 27 2022 The History of the Decline and Fall of the Roman Empire is Edward Gibbon's magnum opus, written and published over a 13-year period beginning in 1776. It not only chronicles the events of the downfall starting with the end of the rule of Marcus Aurelius, but proposes a theory as to why Rome collapsed: the populace, Gibbon theorizes, lost its moral fortitude, its

militaristic will, and its sense of civic duty. History is considered a classic in world literature, and Gibbon is sometimes called the first "modern historian" for his insistence upon using primary sources for his research. Many scholars today still use his highly regarded work as reference. In this last of seven volumes, readers will find Chapter 64 ("Moguls, Ottoman Turks") through Chapter 71 ("Civil Prospect of the Ruins of Rome in the Fifteenth Century"), which cover the establishment of the Mogul empire and their conquests of China, Persia, Anatolia, and Siberia; the origin of the Ottomans; the establishment of the Ottomans in Europe; the history and life of Timour (Tamerlane); the siege of Constantinople by Amurath II; the reign of John Palaeologus II; the invention of gunpowder; the continued struggles between the Greeks and Latins for influence in the Eastern Roman Empire; the reign of Constantine (the last emperor of the Eastern Roman Empire); the reign of Mahomet (Mehmed) II of the Ottoman Empire; the siege of Constantinople; a summary of the state of Rome since the 12th century; the life of Petrarch; the Great Schism of the West; and the final decay of Rome in the 15th century. Also included in this volume is a complete index to the seven-volume series, English parliamentarian and historian EDWARD GIBBON (1737-1794) attended Magdalen College, Oxford for 14 months before his father sent him to Lausanne, Switzerland, where he continued his education. He published *Essai sur l'étude de la Littérature* (1761) and other autobiographical works, including *Mmoire Justificatif pour servir de Rponse l'Expos, etc. de la Cour de France* (1779).

[The Rise and Fall of the Roman Empire](#) Sep 23 2019 Arguably the greatest Empire to ever exist, Rome has indelibly left a significant mark on the modern world. The posthumous influence of the Roman Republic and Empire have no equal in all of history. Their varied culture, stunning art, brilliant philosophy, and towering architecture is embedded in our modern world. Roman innovation has left behind a legacy that has remained admired and emulated for over a thousand years. They built massive networks of roads before the birth of Christ. They constructed elaborate public sewer systems over 1,500 years before the United States became a Nation, and had networks of aqueducts bringing running water. Their tactics in battle are still studied by historians and military leaders of today. Their history is filled with great conflicts, compelling love stories, and the most treacherous of leaders. Hollywood has explored their culture time and again on the silver screen. Larger than life commanders like Julius Caesar would help shape their ultimate destiny. In his book entitled *The Rise and Fall of the Roman Empire: Life, Liberty, and the Death of the Republic* author Barry Linton highlights and explains the significant struggles and contributions that have made Rome so well known. Join us as we explore the meteoric rise, monumental life, inevitable death, and eventual rebirth of Rome.

The Fall of Rome Jul 26 2022 Why did Rome fall? Vicious barbarian invasions during the fifth century resulted in the cataclysmic end of the world's most powerful civilization, and a 'dark age' for its conquered peoples. Or did it? The dominant view of this period today is that the 'fall of Rome' was a largely peaceful transition to Germanic rule, and the start of a positive cultural transformation. Bryan Ward-Perkins encourages every reader to think again by reclaiming the drama and violence of the last days of the Roman world, and reminding us of the very real horrors of barbarian occupation. Attacking new sources with relish and making use of a range of contemporary archaeological evidence, he looks at both the wider explanations for the disintegration

of the Roman world and also the consequences for the lives of everyday Romans, in a world of economic collapse, marauding barbarians, and the rise of a new religious orthodoxy. He also looks at how and why successive generations have understood this period differently, and why the story is still so significant today.

Mortal Republic Jul 22 2019 Learn why the Roman Republic collapsed -- and how it could have continued to thrive -- with this insightful history from an award-winning author. In *Mortal Republic*, prize-winning historian Edward J. Watts offers a new history of the fall of the Roman Republic that explains why Rome exchanged freedom for autocracy. For centuries, even as Rome grew into the Mediterranean's premier military and political power, its governing institutions, parliamentary rules, and political customs successfully fostered negotiation and compromise. By the 130s BC, however, Rome's leaders increasingly used these same tools to cynically pursue individual gain and obstruct their opponents. As the center decayed and dysfunction grew, arguments between politicians gave way to political violence in the streets. The stage was set for destructive civil wars -- and ultimately the imperial reign of Augustus. The death of Rome's Republic was not inevitable. In *Mortal Republic*, Watts shows it died because it was allowed to, from thousands of small wounds inflicted by Romans who assumed that it would last forever.

The History of the Decline and Fall of the Roman Empire Dec 07 2020

The Book of Summer May 24 2022 Here comes the sun . . . and summer! Put on your sunglasses and enjoy the heat at the beach, where you can dig up the sand with your shovel and pail and see starfish in the sea. And don't forget the seasonal treats like watermelon and ice cream--yum!

The Fall of the House of Dixie Jul 14 2021 A revisionist history of the radical transformation of the American South during the Civil War examines the economic, social and political deconstruction and rebuilding of Southern institutions as experienced by everyday people. By the award-winning author of *Confederate Emancipation*.

The Rise and Fall of the Third Reich May 12 2021 National Book Award Winner: The definitive account of Nazi Germany and "one of the most important works of history of our time" (The New York Times). When the Third Reich fell, it fell swiftly. The Nazis had little time to destroy their memos, their letters, or their diaries. William L. Shirer's sweeping account of the Third Reich uses these unique sources, combined with his experience living in Germany as an international correspondent throughout the war. *The Rise and Fall of the Third Reich* earned Shirer a National Book Award and continues to be recognized as one of the most important and authoritative books about the Third Reich and Nazi Germany ever written. The diaries of propaganda minister Joseph Goebbels, as well as evidence and other testimony gained at the Nuremberg Trials, could not have found more artful hands. Shirer gives a clear, detailed, and well-documented account of how it was that Adolf Hitler almost succeeded in conquering the world. With millions of copies in print, *The Rise and Fall of the Third Reich* is a chilling and illuminating portrait of mankind's darkest hours. "A monumental work." —Theodore H. White

The History of the Decline and Fall of the Roman Empire Volume 8 Sep 28 2022 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the

original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Fall of the West Oct 05 2020 A sweeping narrative of the decline and fall of the Roman Empire. The Fall of the Roman Empire has been a best-selling subject since the 18th century. Since then, over 200 very diverse reasons have been advocated for the collapse of the western half of the Roman Empire. Until very recently, the academic view embarrassedly downplayed the violence and destruction, in an attempt to provide a more urbane account of late antiquity: barbarian invasions were mistakenly described as the movement of peoples. It was all painfully tame and civilised. But now Adrian Goldsworthy comes forward with his trademark combination of clear narrative, common sense, and a thorough mastery of the sources. In telling the story from start to finish, he rescues the era from the diffident and mealy-mouthed: this is a red-blooded account of aggressive barbarian attacks, palace coups, scheming courtiers and corrupt emperors who set the bar for excess. It is 'old fashioned history' in the best sense: an accessible narrative with colourful characters whose story reveals the true reasons for the fall of Rome.

The History of the Decline and Fall of the Roman Empire Nov 06 2020

WOLFPACK Jun 13 2021 Based on her inspiring, viral 2018 commencement speech to Barnard College's graduates in New York City, New York Times bestselling author, two-time Olympic gold medalist and FIFA World Cup champion Abby Wambach delivers her empowering rally cry for women to unleash their individual power, unite with their pack, and emerge victorious together. Abby Wambach became a champion because of her incredible talent as a soccer player. She became an icon because of her remarkable wisdom as a leader. As the co-captain of the 2015 Women's World Cup Champion Team, she created a culture not just of excellence, but of honor, commitment, resilience, and sisterhood. She helped transform a group of individual women into one of the most successful, powerful and united Wolfpacks of all time. In her retirement, Abby's ready to do the same for her new team: All Women Everywhere. In Wolfpack, Abby's message to women is: We have never been Little Red Riding Hood. We Are the Wolves. We must wander off the path and blaze a new one: together. She insists that women must let go of old rules of leadership that neither include or serve them. She's created a new set of Wolfpack rules to help women unleash their individual power, unite with their Wolfpack, and change the landscape of their lives and world: from the family room to the board room to the White House. · Make failure your fuel: Transform failure to wisdom and power. · Lead from the bench: Lead from wherever you are. · Champion each other: Claim each woman's victory as your own. · Demand the effing ball: Don't ask permission: take what you've earned. In Abby's vision, we are not Little Red Riding

Hoods, staying on the path because we're told to. We are the wolves, fighting for a better tomorrow for ourselves, our pack, and all the future wolves who will come after us.

The Fall of the Towers Mar 10 2021 Come and enter Samuel Delany's tomorrow, in this trilogy of high adventure, with acrobats and urchins, criminals and courtiers, fishermen and factory-workers, madmen and mind-readers, dwarves and duchesses, giants and geniuses, merchants and mathematicians, soldiers and scholars, pirates and poets, and a gallery of aliens who fly, crawl, burrow, or swim.

The Tragedy of Empire Aug 23 2019 Michael Kulikowski traces two hundred years of Roman history during which the Empire became ungovernable and succumbed to turbulence and change. A sweeping political narrative, *The Tragedy of Empire* tells the story of the Western Roman Empire's downfall, even as the Eastern Empire remained politically strong and culturally vibrant.

The History of the Decline and Fall of the Roman Empire Oct 29 2022 Spanning thirteen centuries from the age of Trajan to the taking of Constantinople by the Turks, **DECLINE & FALL** is one of the greatest narratives in European Literature. David Womersley's masterly selection and bridging commentary enables the reader to acquire a general sense of the progress and argument of the whole work and displays the full variety of Gibbon's achievement.

***The Fall of Rome* Apr 30 2020** Latin instructor Jerome Washington is a man out of place. The lone African-American teacher at the Chelsea School, an elite all-boys boarding school in Connecticut, he has spent nearly two decades trying not to appear too "racial." So he is unnerved when Rashid Bryson, a promising black inner-city student who is new to the school, seeks Washington as a potential ally against Chelsea's citadel of white privilege. Preferring not to align himself with Bryson, Washington rejects the boy's friendship. Surprised and dismayed by Washington's response, Bryson turns instead to Jana Hansen, a middle-aged white divorcée who is also new to the school -- and who has her own reasons for becoming involved in the lives of both Bryson and Washington. Southgate makes her debut as a writer to watch in this compelling, provocative tale of how race and class ensnare Hansen, Washington, and Bryson as they journey toward an inevitable and ultimately tragic confrontation.

The Fall of the House of Labor Nov 18 2021 Traces the labor movement from the end of the Civil War to the 1920s, and looks at the relationships between workers of different ethnic backgrounds

The Rise And Fall of British Naval Mastery Jun 20 2019 Paul Kennedy's classic naval history, now updated with a new introduction by the author This acclaimed book traces Britain's rise and fall as a sea power from the Tudors to the present day. Challenging the traditional view that the British are natural 'sons of the waves', he suggests instead that the country's fortunes as a significant maritime force have always been bound up with its economic growth. In doing so, he contributes significantly to the centuries-long debate between 'continental' and 'maritime' schools of strategy over Britain's policy in

times of war. Setting British naval history within a framework of national, international, economic, political and strategic considerations, he offers a fresh approach to one of the central questions in British history. A new introduction extends his analysis into the twenty-first century and reflects on current American and Chinese ambitions for naval mastery. 'Excellent and stimulating' Correlli Barnett 'The first scholar to have set the sweep of British Naval history against the background of economic history' Michael Howard, Sunday Times 'By far the best study that has ever been done on the subject ... a sparkling and apt quotation on practically every page' Daniel A. Baugh, International History Review 'The best single-volume study of Britain and her naval past now available to us' Jon Sumida, Journal of Modern History

The Rise of the Romans Feb 09 2021 The rise of the Roman Empire laid the foundations for the development of much of Europe. This book is a chronological account of the formation, battles and campaigns of the Roman state, from the foundation and growth of the city under the Seven Kings, to the epic Republican struggle with Carthage, and the expansion throughout the Mediterranean.

The Fall of the Year Apr 23 2022 The adopted son of a smuggler-turned-priest must confront his father's strange, checkered past in this Dickensian-flavored novel of tangled lives and colorfully rendered characters. Reprint. 10,000 first printing.

Reflections on the causes of the rise and fall of the Roman empire. Transl Apr 11 2021

The Master Switch Dec 27 2019 A New Yorker and Fortune Best Book of the Year "A must-read for all Americans who want to remain the ones deciding what they can read, watch, and listen to." —Arianna Huffington Analyzing the strategic maneuvers of today's great information powers—Apple, Google, and an eerily resurgent AT&T—Tim Wu uncovers a time-honored pattern in which invention begets industry and industry begets empire. It is easy to forget that every development in the history of the American information industry—from the telephone to radio to film—once existed in an open and chaotic marketplace inhabited by entrepreneurs and utopians, just as the Internet does today. Each of these, however, grew to be dominated by a monopolist or cartel. In this pathbreaking book, Tim Wu asks: will the Internet follow the same fate? Could the Web—the entire flow of American information—come to be ruled by a corporate leviathan in possession of "the master switch"? Here, Tim Wu shows how a battle royale for the Internet's future is brewing, and this is one war we dare not tune out.

The Decline and Fall of the Soviet Empire Nov 25 2019 Traces the decline and collapse of the Soviet Union, drawing on once secret Soviet archives and interviews with key figures to provide a definitive account of forty years of Russian history

The Decline and Fall of the Roman Empire, Vol. 9 (Classic Reprint) Jan 20 2022 Excerpt from The Decline and Fall of the Roman Empire, Vol. 9 IN the revision of the proof sheets of Chapters L. To LIII. Invaluable help has been received from Mr. Stanley lane-pool, who, in the case of the previous volumes also, has been untiringly kind in answering questions and making suggestions. The History of the Decline and Fall of the Roman Empire Aug 03 2020

The Fall of the Roman Empire Jun 25 2022

***The Fall of the Roman Empire* Oct 17 2021** Discusses some of the causes that may have led to the end of the Roman Empire, including changes in population, economic decay, class and religious divisions, and military conquest.

***The Fall of the Roman Empire* Dec 19 2021** Shows how Europe's barbarians, strengthened by centuries of contact with Rome on many levels, turned into an enemy capable of overturning and dismantling the mighty Empire.

Fall of the Roman Republic Jul 02 2020 Dramatic artist, natural scientist and philosopher, Plutarch is widely regarded as the most significant historian of his era, writing sharp and succinct accounts of the greatest politicians and statesman of the classical period. Taken from the Lives, a series of biographies spanning the Graeco-Roman age, this collection illuminates the twilight of the old Roman Republic from 157-43 bc. Whether describing the would-be dictators Marius and Sulla, the battle between Crassus and Spartacus, the death of political idealist Crato, Julius Caesar's harrowing triumph in Gaul or the eloquent oratory of Cicero, all offer a fascinating insight into an empire wracked by political divisions. Deeply influential on Shakespeare and many other later writers, they continue to fascinate today with their exploration of corruption, decadence and the struggle for ultimate power.

***The Fall of the Faculty* Sep 04 2020** Until very recently, American universities were led mainly by their faculties, which viewed intellectual production and pedagogy as the core missions of higher education. Today, as Benjamin Ginsberg warns in this eye-opening, controversial book, "deanlets"--administrators and staffers often without serious academic backgrounds or experience--are setting the educational agenda. **The Fall of the Faculty** examines the fallout of rampant administrative blight that now plagues the nation's universities. In the past decade, universities have added layers of administrators and staffers to their payrolls every year even while laying off full-time faculty in increasing numbers--ostensibly because of budget cuts. In a further irony, many of the newly minted--and non-academic--administrators are career managers who downplay the importance of teaching and research, as evidenced by their tireless advocacy for a banal "life skills" curriculum. Consequently, students are denied a more enriching educational experience--one defined by intellectual rigor. Ginsberg also reveals how the legitimate grievances of minority groups and liberal activists, which were traditionally championed by faculty members, have, in the hands of administrators, been reduced to chess pieces in a game of power politics. By embracing initiatives such as affirmative action, the administration gained favor with these groups and legitimized a thinly cloaked gambit to bolster their power over the faculty. As troubling as this trend has become, there are ways to reverse it. **The Fall of the Faculty** outlines how we can revamp the system so that real educators can regain their voice in curriculum policy.

***The Decline and Fall of the Roman Empire* Feb 21 2022** **WORLD HISTORY: BCE TO C 500 CE.** Gibbon's *Decline and Fall of the Roman Empire*, published between 1776 and 1788, is the undisputed masterpiece of English historical writing which can only perish with the language itself. Its length alone is a measure of its monumental quality: seventy-

one chapters, of which twenty-eight appear in full in this edition. With style, learning and wit, Gibbon takes the reader through the history of Europe from the second century AD to the fall of Constantinople in 1453 - an enthralling account by 'the greatest of the historians of the Enlightenment'. This edition includes Gibbon's footnotes and quotations, here translated for the first time, together with brief explanatory comments, a precis of the chapters not included, 16 maps, a glossary, and a list of emperors.

The Fall Oct 25 2019 Madeline Usher has been buried alive. The doomed heroine comes to the fore in this eerie reimagining of Edgar Allan Poe's classic short story "The Fall of the House of Usher." Gothic, moody, and suspenseful from beginning to end, *The Fall* is literary horror for fans of *Miss Peregrine's Home for Peculiar Children* and *Asylum*. Madeline awakes in a coffin. And she was put there by her own twin brother. But how did it come to this? In short, non-chronological chapters, Bethany Griffin masterfully spins a haunting and powerful tale of this tragic heroine and the curse on the Usher family. The house itself is alive, and it will never let Madeline escape, driving her to madness just as it has all of her ancestors. But she won't let it have her brother, Roderick. She'll do everything in her power to save him—and try to save herself—even if it means bringing the house down around them. With a sinister, gothic atmosphere and relentless tension to rival Poe himself, Bethany Griffin creates a house of horrors and introduces a whole new point of view on a timeless classic. Kirkus Reviews praised it in a starred review as "A standout take on the classic haunted-house tale replete with surprises around every shadowy corner."

In the Fall Jan 08 2021 A bold and epic novel chronicling the dark secrets and forbidden, transcendent loves of an American family across three generations. In the twilight of the Civil War, a Union soldier meets a runaway slave and returns with her to his family homestead in Vermont, launching the story of a bold, interracial union and its consequences. This passionate couple and their descendents will grapple with the ongoing devastations of the war, racism, and a haunting family legacy that lie dormant until a grandson is driven to discover the secret of his ancestors. Spanning the post-Civil War era to the edge of the Great Depression, *In the Fall* is an incredible rendering of a rapidly evolving America—from life on a farm, through the final years of Prohibition and bootlegging in the resort towns of New Hampshire, to the advent of modern times. "Expansive, richly detailed and expertly plotted" (Publishers Weekly), Jeffrey Lent's debut novel is a fierce and utterly compelling vision of an American landscape and history, and an unforgettable portrait of an American family. "Jeffrey Lent has quietly created some of the finest novels of our new century." —Ron Rash "Jeffrey Lent builds characters and their world like a painter layering his canvas, telling his story but substantiating it with color and light." —Tim Pears "Sentence by sentence . . . Lent's language draws you in like a clear stream in summer." —Tim Gautreaux

The History Of The Decline And Fall Of The Roman Empire Mar 30 2020
